

IMMUNIZATION UPDATES

Due to recent amendments in Arkansas state law, the immunizations needed for your child to be able to attend Conway Public Schools have changed. The new amendments will not be legally in effect until September 1, 2014. However, **IT IS IN YOUR BEST INTEREST TO BEGIN GETTING THE NEEDED IMMUNIZATIONS NOW.** Over the next several weeks, parents will be receiving letters in the mail that list the required immunizations updates for their child.

Faulkner County Health Unit will have special days set aside when all the nurses will be administering school shots. The health department requests that parents call and make an appointment for their child to get his/her shots as soon as possible. If parents cannot bring their child in during one of these times, they can call and make an appointment during regular clinic times. Shots are given every day at Faulkner County Health Unit. Parents are encouraged to call and get an appointment as soon as possible.
